Hi Bianca,

We are still working out our schedules – the mid-October mobilization is set but the pre-construction conference might be pushed into the following week. I hope to send the invite (along with an agenda) in the near future.

Have a great weekend and stay well.

Thank you,

Hi Bianca,

Much appreciated – thank you for the quick turn-around! I'll follow-up with an invitation for the pre-construction conference meeting (virtual) and we're also looking forward to moving on with construction thereafter.

Take care,

Hi Mike,

I have reviewed the schedule and it is consistent with my expectations for the project. As discussed today, there may be some further discussions we need to have related to oversight and inspections during COVID but we can bring those questions to the pre-construction conference and see how we might move forward during shelter-in-place orders.

Glad you are doing well, and I look forward to getting construction started.

Subject: NHOU: construction schedule update

Importance: High

Bianca,

Wood will soon be commencing construction of the NHOU Second Interim Remedy. We would just like to confirm that EPA acknowledges your understanding of the construction timeline, which does not substantively differ from our previous update other than the anticipated date to start construction. If you are able to respond by August 19th that will allow us to proceed and to finalize arrangements with Honeywell.

Thank you,

Michael Taraszki, PG, CHG, PMP
